Matt,

I have no problem with the personal items being given to the employees. It is the business records I would like to protect.

Subject: RE: Letter re Retrieval of Personal Items fr West Fertilizer Site

To all,

Most of the materials that will be removed from the grain office building are personal items; pictures, CD's containing pictures, etc. I propose we allow the materials to be removed and we will have Crane box those materials up until the parties on the site have a chance to look at it and advise if they want anything copied.

The primary purpose of removing those items from the grain office building is to prevent the deterioration/destruction of those items.

Subject: RE: Letter re Retrieval of Personal Items fr West Fertilizer Site

I have called and spoken to John McCoy regarding the contents of the CD's/DVD's which he is requesting be removed from the site. I advised that I objected to the removal of anything which might identify the source of any of the fertilizer products which were on site at the time of the accident. He said he would get with his client to find out more about what is on the discs. I advised that I thought the discs should at the very least be copied and the originals held by Crane. He said he would get back to me.
